

# Platforms, devices, and browsers

## Supported platforms

Remind available to use via mobile app, text message, web, and email.

## Supported devices

The Remind app is available on devices that have access to the **App Store (iOS)** and the **Google Play Store (Android)**. The app is not available for Blackberries, Chromebooks, Kindles, or Windows phones.

## Supported browsers

For the best experience on Remind, we strongly recommend that you use an up-to-date browser.

## How do I upgrade my browser?

An up-to-date browser also helps keep your device safe and free of malware, while giving you the best browsing experience across the web.

To upgrade your browser, click on one of the links below:

- ▶ [Chrome](#)
- ▶ [Firefox](#)
- ▶ [Safari](#)
- ▶ [Edge](#)

Below are the browser versions on which Remind works best.

- ▶ [Chrome 31 +](#)
- ▶ [Firefox 29 +](#)

## How do I know which browser I'm using?

An easy way to find out which browser you are using is to visit the following link:

[Tell me which browser I am using](#)

## How do I switch browsers?

Switching browsers is completely free and takes a few seconds. We recommend using the browsers below for the best experience on Remind.

To switch browsers, click on one of the links below.

[Chrome](#)

[Firefox](#)

## Mobile

If you are accessing Remind on a mobile device (iOS and Android), we recommend downloading the app for the best experience: [rmd.me/a](https://rmd.me/a)

If you have an older phone or tablet, we recommend downloading Chrome from your device's app store.
